## **Our Mission**

The mission of The Thank You Foundation is to show appreciation and express gratitude for members of the U.S. Military both past and present.

We believe that saying thank you is not enough and that the words must be followed up with action and commitment.

The Thank You Foundation strives to improve the overall quality of life for veterans, military personnel and their families. The Foundation supports programs in Education & Employment, Health & Welfare and Morale & Recreation.

The Foundation has created strategic partnerships with the community, businesses, civic organizations and other military related service groups in order to complete their mission of serving those who have served us
